EXAMPLES

- These images show some cool examples of how perspective has been used to create mind bending photographs.

TASK

- Your task is to take your own photos which use perspective to create a cool image
- • Go wild, use your imagination and come up with something original. (Minimum 2 images)
- • The most interesting photos will be uploaded onto our Twitter Page.
- • Note : This task can be completed entirely on your smartphone so no need to login to a computer
- We are looking forward to seeing your efforts when we see you in August.
