

Ardrossan Academy Library

The Learning Community Librarian at Ardrossan Academy is Mrs Vaughan. The School Library is in the main building and has a variety of print resources – books, past papers and magazines – electronic resources, talking books, DVDs and audio CDs. There are 20 PCs available for use and helpsheets you can use to develop your study skills.

There are events, competitions, activities and clubs in the Library throughout the year, but especially around national events such as Book Week Scotland, world Book Day and National libraries Week.

All pupils are encouraged to use the Library and especially to develop their love of reading. Mrs Vaughan will help find you the book that gets you reading!
