

# Pastoral Support

The Pastoral Support Team is made up of our four Principal teachers and an extended school support team. We are based in the B Block corridor and provide support for all young people in Ardrossan Academy. We work closely with parents and carers as well as other people who support children and young people. This team works together to make sure that each pupil's needs are being met and targets are set, to improve outcomes.

At the beginning of S1, every pupil will be allocated a Pastoral Support Teacher, who will support and look out for them throughout their time at school. Pastoral Support Teachers also teach PSE (Personal and Social Education).
